MEV solutions & security systems is a specialized company in the security systems and services field, that are compatible with other technical systems.

MEV solutions & security systems offer integrated and effective security solutions that combine the latest technology and efficient operational management, to create a sustainable environment for our customers, whether these solutions are for surveillance or remote control systems

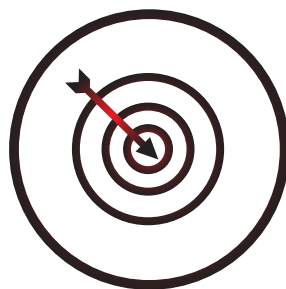

Our one-stop security solution vision allows our customers to only deal with one Security company that designs their security system, supplies the after maintains the system for complete peace of mind. This avoids the customer running around from one supplier to another installer and then perhaps to the repair shop. We have all your security needs under one roof.

MEV solutions & security systems is licensed by the Saudi authorities and managed by the specialized group in technical and security field

Our Vision

To be renowned as the automatic one-stop security solution choice in Saudi Arabia, notorious for their professional service, quality workmanship, unsurpassed back-up service incorporating the latest product and technology

OUR MISSION

To continue our obsession with value added training as to ensure that our office staff, our technicians and facilitators are professionally trained, fully competent and well equipped in all aspects' of our business thus ensuring that we live up to our vision as a reliable one stop electronic product supplier, installation and training company

Our Values

- Customers loyalty is our major strategy
- Innovation is what we strive for, by providing outstanding initiatives and security solutions
- Persistence and continuous diligent work of all
